THE MASTER

Tenya is the most successful tendon restaurant chain in Japan. Once regarded as expensive, Tenya aims to provide our guests with high quality tendon and tempura at an affordable price. The founder, Mr. Yoshio Iwashita, started this mission in 1989 when he opened its first outlet in the Yaesu underground mall at Tokyo Station.

We offer authenticity. Most of our ingredients and equipments come from Japan to ensure we provide the best tasting products we can offer to you, our guest.

Aside from Japan, Tenya is also operating in Thailand, Singapore, Hong Kong and now, Philippines.
